

SICKLE CELL DISEASE

Many people with sickle-cell disease, while not more resistant to malaria, are more tolerant of infection and thus show less severe symptoms.

!...You can buy your hair if it won't grow
You can fix your nose if he says so
You can buy all the make-up
That M.A.C. can make, but if
You can't look inside you
Find out who am I to
Be in the position
that make me feel
So damn unpretty...'
Fionne "T-Boz" Watkins
SCDDA Spokesperson

ATLANTA GA SEP 29 2004 30304
FIRST DAY OF ISSUE
TEST EARLY FOR SICKLE CELL

October 8, 2004

Checklist: ____

SICKLE CELL DISEASE

Linus Pauling against background of blood cells, including sickle cell

Issue Date: March 6, 2008
Designer:
Producer: Avery Dennison Co.
Process: photogravure
Quantity:
Perforations: 11
Margins: clear
Purpose: part of a 4-stamp issue honoring American scientists shows Dr. Pauling and a sickle cell; Pauling's studies of hemoglobin led to classifying sickle cell anemia as a molecular disease; descriptive text on backing paper
Notes:
Price: A

A remarkably versatile scientist, structural chemist **Linus Pauling** (1901-1994) won the 1954 Nobel Prize in Chemistry for determining the nature of the chemical bond linking atoms into molecules. His work on protein structure was critical in establishing the field of molecular biology; his studies of hemoglobin led to the classification of sickle cell anemia as a molecular disease.
